## It's Been 50 Years Since We Graduated. How Have We Changed?

This year is an important one for all of us. It marks 50 years since we all graduated from the hallowed halls of Grover Cleveland High School and went on to face the world from the relative safety of that Reseda, California institution.

There were more than 840 of us in that graduating class and there are more than 840 "Stories" of what each of us have done with our lives since then. Collectively and/or individually, we have formed families, had children (and grandchildren), gone on to careers in every manner of job and occupation possible, gone to war, celebrated peace, experienced every possible emotion and so much more. And we also must think about our classmates who are no longer with us...close to 100 that we have confirmed so far. We all had friends on that list, some more than others.

All of the above instills in us feelings and memories (happy and sad) that will surface as we engage with each other via events like our upcoming "50-Year Celebration" and through communication vehicles like our Class website ([www.gchs65.com](http://www.gchs65.com)) and this newsletter.

That is the purpose of the above event and our communications efforts: engagement. We want to provide you with a way to re-connect with your friends, classmates, teachers (yes, some are still around and may attend our October event) and memories from those 1962-1965 years at GCHS.

# How many of these Class of 1965 Cavaliers Can *YOU* Recognize?

(Answers below)

We believe (hope) that all of these folks (and lots more) will be at our October Celebration. Their identities are as follows (**SPOILERS ALERT**):

**Left Side, Top to Bottom:** Larry Wolf catching a giant Tuna while sport fishing; an early modeling shot of Gloria Dorcy (with later-to-be husband David Mertz); Baron Laetzsch with his wife, daughter and new granddaughter; Sharon Lockwood, in makeup and costume for a recent starring role in a play. **Bottom row, from left:** Jeff Davis with Vicki Lewis-Wilding at a recent get-together; Steve Ritchie; Scott Brown, at his newest retail swimsuit store on Maui; Randy Krumrei from a 60's military photo; and Mr. and Mrs. Jim Denman.

There are hundreds (really, hundreds) of photos of classmates on our exclusive website ([www.gchs65.com](http://www.gchs65.com)) that have captions and can be blown up. And new ones are being added almost daily. Do we have a recent photo of you? Please send us something to represent yourself amongst your fellow GCHS65 friends and classmates. Email your photos (jpegs are best) to: [petesenoff@earthlink.net](mailto:petesenoff@earthlink.net) and we will add them to the website within 24 hours. And send us your Life Story, also. Share with your friends.

Yes, it's getting closer and closer to our HUGE event (October 15-18). You know the drill...please let us know if you want to attend so we can save space for you. We don't even need your check immediately (although it would be helpful for us to pay for deposits and vendors in front). But right now, we really need your commitment to attend. That's all. Just an RSVP via our website. We hope you can attend. You will be sorry if you miss this once-in-a-lifetime event.

And if you still have questions and want to talk to one of our Committee

members by phone, call either Gloria Dorcy or Dick Eyster between 10:00am-5:00pm PT. If they miss your call, they will return your voicemail as soon as possible.

## Looking for Information on Specific GCHS65 Friends?

Here's a simple way to find them on our website.

We built our website full of features to make it easy for you to find information on people you are seeking...both in terms of stories and photos.

The easiest tool is the search box that appears in the upper right hand corner of each and every page. Just type in a person's name and you will get relevant information on where to find that person on the website, via automatic links to the exact page and section. Try it for yourself. It will save you lots of time.

Which Cavaliers Have We Found? How To Contact Them

**HOW TO USE THIS WEBSITE**

**General Reminder:** To avoid confusion, we will primarily be identifying people by their names during their years at GCHS. We know that people change their last names over the years, particularly through marriage changes. By referring to everyone's 1965 name, we thus can level the playing field.

**HOW TO FIND CONTENT:** The key to finding anything on the website is to use the navigational "chapters" in the boxes to the left. Simply click on the chapter that interests you. Some of these chapters have sub-chapters that will present themselves when you scroll over the main chapter name—they will open in the same manner as you click on the chapter titles.

**(Photos, Stories, Comments, etc):** Simply e-mail anything you would like to submit to: peteresenoff@earthlink.net. We can usually upload anything you send us within an hour.

**SEARCH BOX:** At the top right hand side of each page on this website is a Search Box. This will enable you to find mentions of people, events, etc. Use it exactly the way you conduct a Google search now, only this box will only search content on our website (not on the general internet).

## Please Help Us Find Our Missing Cavaliers (Letters N-O-P This Week)

As we've discussed before, we have an incredible Search Committee (Led by Dixie Reinhardt, Kristie Bechtold and Jeff Davis) seeking out our missing friends and classmates from the Summer and Winter 1965 classes. But it is getting increasingly harder to find many of them...almost 400 (out of our class of 870 students) are still missing from our contact database.

We would guess that some of you may be friends with these people and have kept up with the current whereabouts. We would really appreciate your help and assistance in finding them...so we can all re-connect, enjoy events like our upcoming 50th celebration and keep up with each other on our official website.

The complete list of these "missing" people appears on our website (and it is continuously updated as we receive new information). But so many names may be a little daunting to look at. So we decided to break-down that list into smaller chunks and publish them in successive issues of this newsletter. Please check these names, today from the letters "N, O and P", to see if you can help us find any of them.
